

Magnetic Stand With Dial Gauge

Magnetic Stand With Dial Gauge

Description:

Mini Universal Flexible Magnetic Base Holder Stand Dial Test Indicator Tool Set The magnetic stand uses a switchable permanent magnet for convenient mounting onto flat iron or steel surfaces. The arm can be hydraulically locked in any position using the knob on the upright. Useful for holding dial indicators or dial test indicators during alignment operations.

Features :

- 1. Permanent magnet operation with ON/OFF control.
- 2. V-grooved base for secure mounting on cylindrical surfaces.
- 3. Ideal for holding lever indicators at any orientation on a machine tool for alignment operations.
- 4. Flexible, strong, and precise rotary joints, can adjust any direction and location.
- 5. Powerful magnetic base, with an on/off switch for the magnet.
- 6. With high stability, it will be your ideal tool in the measurement of precision workpiece field.
- 7. One magnetic base.
- 8. It can be used for the Dial indicator Lever dial indicator, etc.
- 9. Designed with three joints.
- 10. Easy to use for metalwork pieces.
