Hydraulic Hose Crimping Machine WITH CABINET

???? ???? ???? ?????

Description: Using the latest design, with compact structure, advanced design, lightweight, high efficiency, easy to operate, reliable performance, and other characteristics; Crimp die, fitting, long service life; Strong magnetic installation, convenient and quick replacement of the whole set of molds, unique technology patent.

Features:

- 1. Using a forged steel machine head, this kind of steel is more durable than general steel.
- 2. Digital operation panel, high crimp accuracy.
- 3. Humanized design, simple controls, and operation.
- 4. Equipped with a foot pedal, very convenient for freehand operation.
- 5. Magnetic dies (Patented), very convenient to remove and install dies
- 6. With a large cabinet

SPECIFICATIONS

Hydraulic Crimping Machine WITH CABINET

Crimping Range	6mm to 51mm (1/4" to 2")
Quantity of dies	10 Sets
Accuracy	0.01mm
Work efficiency	200pcs/h
System Pressure	31.5Mpa
Dies sets	10 sets
The max open tolerance	±30mm
Crimping force	500T

Output volume of pump	2.5/5L
Voltage	380v - 3 phase 60hz
Motor power	3kw 60hz
Machine Dimension	900×680×1450mm
Net Weight	326kg
