Lathe Milling Machine COMBO 3IN1

BL300

????? ?????? ?? ??????

Description Multi-purpose Combination Mini Lathe Mill Machine 3 In 1 Lathe Drill And Mill Combo is the trend of present world machine tool technology, complex processes on a single machine to reduce machine tool and fixture, eliminating inter-process handing and storage, improve workpiece machine accuracy and shorten the processing cycle and the purpose of saving working area. Cutting drilling and milling compounded mini multi-purpose machine **BL300** will not only meet the needs of users to reduce floor area, parts delivery and reduce inventory, ensure the machining accuracy, and so on, but also adapt to energy saving requirements of modern society. More and more complex parts using composite machine tools for integrated processing. **Features:**

- 1. Mass production of a variety of small parts and high-speed machining of complex parts, diversity processing;
- 2. Complex process can be done at one time
- 3. Function: cutting, drilling, Milling, etc.
- 4. Small in size and delicate in design
- 5. High Precision for Model Engineering
- 6. Easy Operation & Convenient Reparatons

SPECIFICATIONS

Model	BL300
Distance between centers	500 mm
Swing over bed	300 mm
Swing over cross slide	140 mm
Taper of spindle bore	MT4

Spindle bore	26 mm
Number of spindle speeds	Variable
Range of spindle speeds	160-1600 rpm
Range of metric threads	14 Kinds 0.5-3 mm
Range of inch threads	20 Kinds 40-11 T.P.I
Motor	550 w
Top slide travel	80 mm
Cross slide travel	160 mm
Tailstock quill travel	40 mm
Tailstock quill Taper	MT3
Packing size	1100×580×870 mm
Net weight	150 kg
Mill & drill	
Max.drilling dia	15mm
Max.end milling capacity	25mm
Max.face milling capacity	53mm
Vertical travel	250mm
Taper of spindle bore	MT3
Spindle travel	80mm
Spindle speed	12 Speeds 125-1600 rpm
Motor for (drill/mill)	550 w
