Lathe Milling Machine COMBO 3IN1

BL270

????? ?????? ?? ??????

Description Multi-purpose Combination Mini Lathe Mill Machine 3 In 1 Lathe Drill And Mill Combo is the trend of present world machine tool technology, complex processes on a single machine to reduce machine tool and fixture, eliminating inter-process handing and storage, improve workpiece machine accuracy and shorten the processing cycle and the purpose of saving working area. cutting drilling and milling compounded mini multi-purpose machine **BL270** will not only meet the needs of users to reduce floor area, parts delivery and reduce inventory, ensure the machining accuracy, and so on, but also adapt to energy saving requirements of modern society. More and more complex parts using composite machine tools for integrated processing. **Features:**

- 1. Mass production of a variety of small parts and high-speed machining of complex parts, diversity processing;
- 2. Complex processes can be done at one time
- 3. Function: cutting, drilling, Milling, etc.
- 4. Small in size and delicate in design
- 5. High Precision for Model Engineering
- 6. Easy Operation & Convenient Reparations

SPECIFICATIONS

model	BL270
Distance between centers	700 mm
Swing over bed	250 mm
Swing over cross slide	130 mm
Taper of spindle bore	MT4

Spindle bore	27 mm
Number of spindle speeds	Variable
Range of spindle speeds	115-1620 rpm
Range of metric threads	20/0.2-3.5 mm,
Range of inch threads	20/8-56 T.P.I
Motor	550 w
Top slide travel	50 mm
Cross slide travel	120 mm
Tailstock quill travel	50 mm
Tailstock quill Taper	MT2
Packing size	1580×680×880 mm
Net weight	225 kg
Mill & drill	
Max.drilling dia	16mm
Max.end milling capacity	20mm
Max.face milling capacity	50mm
Vertical travel	220mm
Taper of spindle bore	MT2
Spindle travel	50mm
Spindle speed	50-2250 rpm
Motor for (drill/mill)	600 w
